Memo: EMC Board Resignation  
To: The Board of Forestry  
Attn: Dan Stapleton, Assistant Executive Officer  
CC: Kristina Wolf

6 September 2021

Board of Forestry & Representatives:

I am writing to submit my formal resignation to the Board of Forestry's Effectiveness Monitoring Committee. I have been unable to participate in a manner that supports the Board due to the strain of Covid-19 on my personal and professional activities and available time. I do not see these challenges abating and would thus like to relinquish my seat so that the Board can be better served.

Thank you for understanding.

Sarah Bisbing, PhD  
Assistant Professor of Forest Ecosystem Science
