

JEFF NUSS

IMPACT INVESTOR; FOUNDER AND FORMER PRESIDENT & CHIEF EXECUTIVE OFFICER

Currently, Mr. Nuss is an impact investor and advisor after 22 years as founder and former President & CEO of GreenWood Resources, Inc. (GreenWood) and its subsidiaries. At GreenWood, he was directly responsible for the leadership and strategic direction of the company and overall management of the business. Mr. Nuss has over 28 years of tree farm development, management and investment experience, and more than 20 years of experience in international business development. Mr. Nuss served as Chair of GreenWood's Executive and Investment Committees as well as Chaired various Boards related to specific investments made by GreenWood. GreenWood became an affiliate of Nuveen, a TIAA company, in 2012 which manages over \$1 trillion in income and alternative investments.

Through Mr. Nuss' leadership, GreenWood grew to over 150 professionals with experiences in overseeing forestry assets and investments close to \$2.0 billion in North America, Latin America, Europe, and Asia (China). GWR currently manages globally approximately 741,000 acres (300,000 hectares) in actively managed forestry assets and is committed to certifying its forestry operations under third party audited certification programs.

Prior to founding GreenWood, Mr. Nuss worked at CH2M HILL, a global leader in consulting, design, design-build, operations, and program management. During his twelve years at CH2M HILL, he worked with municipal, industrial, and private clients addressing issues and opportunities within the natural resource landscape.

He is currently serving on the Board of Investors for Heartwood Biomass focused on ensuring healthy forests that can help reduce the risk of catastrophic wildfires, and decrease waste, all while sustaining jobs in a rural community dependent on natural resources. He also Chairs the World Forestry Center Board of Directors and has served on the Board of Directors of the National Alliance of Forest Owners, past President and Board member of Agri-Business Council, and past President and Board Member of Western Hardwood Association.

He is a graduate of Oregon State University and holds a B.S. degree in Bio-Resources Engineering and M.S. degree in Resource Management and Policy from the Civil Engineering Department.
