

JOIN THE CITY OF PASO ROBLES FIRE DEPARTMENT  
TO LEARN ABOUT GRAZING IN A RIPARIAN AREA  
FOR WILDFIRE FUELS MITIGATION

**MAY 26 2023 PASO ROBLES** 8:30 AM -  
4:30 PM

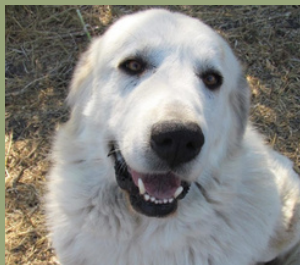

**SALINAS RIVER, PASO ROBLES, CALIFORNIA**

The California Board  
of Forestry & Fire  
Protection's Range  
Management  
Advisory Committee  
Presents:

## **SALINAS RIVER VEGETATION MANAGEMENT PROJECT: GRAZING FOR FUELS REDUCTION IN A RIPARIAN CORRIDOR**

Join key coordinators in the City of Paso Robles Fire Department, San Luis Obispo Firesafe Council, Althouse & Meade Consulting, and grazing operator The Goat Girls to hear about this long-term vegetation management project in a California riverbed fuel model.

Learn how targeted grazing is being used in conjunction with mechanical methods to reduce fuel loads in an active riparian area in a first-of-its-kind Lake and Streambed Alteration Agreement that provides the mechanism for a long-term grazing plan.
